Codecademy

### LIBRARIES & FRAMEWORKS, RESPONSIVE WEB DESIGN, DATA STRUCTURES & ALGORITHMS

2023  
Freecodecamp

## ABOUT ME

As a tech enthusiast, I'm fully immersed in the world of programming, attracted by its creative freedom and rapid learning environment. A lifelong learner, I enjoy expanding my skill set through online certifications and project completions. Now, I'm eager to transition into a full-time front-end engineering role.

## WORK EXPERIENCE

### FREELANCE FRONT-END DEVELOPER (2024)

- Developed responsive and visually appealing websites and web applications for clients across various industries, utilizing Next.js, Tailwind & to implement custom designs and functionalities.
- Collaborated closely with clients to understand their requirements, preferences, and branding guidelines, translating their vision into user-friendly and intuitive user interfaces.
- Managed project timelines, budgets, and deliverables independently, ensuring adherence to deadlines, project scope, and client requirements while maintaining a high standard of quality and professionalism.

### LONDON FOSTER, OPTIMAR INTERNATIONAL REALTY

#### Realtor Sales Associate (2015-2024)

- Proactive self-starter with a results-driven mindset, consistently meeting or exceeding targets and expectations in real estate, poised to deliver high-quality, impactful contributions in programming roles.
- Meticulous attention to detail in reviewing legal documents, contracts, and property listings, ensuring accuracy and compliance, transferable to code review, debugging, and quality assurance processes.
- Adaptability and resilience in navigating dynamic market conditions and handling unexpected challenges, fostering a proactive and flexible approach to learning and problem-solving in programming.
- Strong project management skills honed through managing multiple tasks, deadlines, and stakeholders in real estate transactions, enabling effective organization, prioritization, and execution of programming projects.
- Exceptional interpersonal skills, fostering collaborative relationships with clients, colleagues, and partners, enhancing teamwork and communication within programming teams and across departments.
